

CLASSIC CAR SHOWS

Beautiful classic cars from the Vintage Car Club in Kelowna did a drive-by at Sun Pointe Village while residents enjoyed the views and sunshine from the walkways. Shannon Oaks Vancouver also held their own classic car show for Father's Day.

NATIONAL DONUT DAY

June 4th was National Donut Day and our residents and team members at Marrion Village celebrated with having a Donut Board along with coffee and tea! A HUGE thanks to Tim Hortons for the fresh donuts!!

EVERY CHILD MATTERS

While our flags were lowered, Evergreen Heights was one of several Baptist Housing communities to show support and grieve for the children's lives that were lost. We can all play a role in reconciliation and healing, starting by listening to and sharing stories of our Indigenous team and residents who are affected by this tragic history across Canada.

HATCH-A-CHICK

At Sun Pointe Village and Mill Creek Village residents and team participated in the Hatch-a-Chick program. The program provides fertilized chicken eggs and an incubator with hopes of baby chickens to follow. Each Village welcomes new chicks to their community. It was an incredible experience for residents and team members to watch this miracle of nature occur right before their eyes.

INGLEWOOD UPDATES

Baptist Housing’s development permit application to revitalize the 58-year-old Inglewood Care Centre has been submitted to the District of West Vancouver for consideration. The aging 230-bed long-term care centre would be replaced with two new state-of-the-art care buildings in phase one for 240 residents. In the next phases, 72 additional private-pay care beds will be created along with 34 assisted living suites, 155 affordable rental housing suites for seniors and team members, and 200 independent living suites for seniors. The plan creates a “Continuum of Care” that enables seniors to live long-term on the same property in the kind of residence best suited to them.

RESIDENT PAINTING

New artistic partnerships have formed at Inglewood. First, residents put paint of their choosing on a canvas and then invite a therapy dog to finish off the creative process. The collaborative artworks will be framed for a local fundraiser.

TURN ON SOME MUSIC

Outdoor concerts are becoming a favourite at Shannon Oaks Victoria. Thank you to Ron Sera for sharing his gift of music with us.
