

“AUTUMN CARRIES MORE GOLD IN ITS POCKET THAN ALL THE OTHER SEASONS.”- J.BISHOP

LET THEM EAT CAKE

October 1st was National Seniors Day and Shannon Oaks Vancouver took the time to thank their Residents for all of their hard work and show them just how much they're appreciated.

BOODLE FEAST

Our Grandview Towers Team hosted a Team meal this fall and served a traditional Filipino feast. Sharing a meal gives our Team an opportunity to build trust, appreciate each other and celebrate milestones. Salamat Team!

PREVIOUSLY ON THE AMAZING RACE

Amazing Race Kelowna 2019 is in the books! Teams from all over Sun Pointe Village participated in a race around the Village which tested their skills, timing and of course, their sense of humour.

AGE ONLY MATTERS IF YOU ARE A CHEESE

Shannon Oaks Oak Bay hosted a new Cheese Tasting Night event. WestCana did a wonderful job and the Residents loved tasting flavours from all over the world!

CHEERS CHRIS

You know you love your job when you show up to volunteer on your own time and that's how much Chris loves his job at Hallmark on the Park as our Maintenance Assistant. Over the years he's been at Hallmark he's built close relationships with people like Ann. As he puts it, 'they're his people'.

October is National Disability Employment Awareness Month where we celebrate the huge positive impact employment has on people with diverse abilities.

BAKE THE WORLD A BETTER PLACE

Did it ever smell delicious at Mill Creek Village! A special thanks to the ladies of United Steel Workers Local 1-423 for helping our Residents make over 100 pies and tarts for our Fall Fair and to Swan Lake Nurseryland for donating 100 lbs of apples.

HOLE IN ONE

Hallmark participated in the annual Abbotsford Chamber of Commerce Golf tournament. We served ice coffees and gave away some great prizes. We are grateful to Ninety Nine Beans for providing their coffee machine. It was a definite hole in one!

PAPER MOUNTAINS

We want to share how appreciative Evergreen is to have had an intern this summer through the Canada Summer Jobs program. Aera was with us for over 8 weeks. The main project she worked on was archiving decades of medical records for Iron Mountain. Thank you Aera and we wish you all the best!
